The question was proposed

MR. DEPUTY SPEAKER.—The Demands are before the House.

SRI S.R. BOMMAL.—Sir, I would like to raise a point with regard to violation of constitutional provisions i.e., Excess Grants for the year 1971-72 etc. So many crores of rupees have been spent without the prior scrutiny of this House by several departments. This

has been pointed out by the Public Accounts Committee so many times. Of course, these Excess Grants have come before us on the recommendation of the P.A.C. Whenever there are expenditure, they must come before this House as supplementary demands; that is the Constitutional provision, which has been violated umpteen times by different departments of the Government. The Committee has suggested in a way warned different departments to strictly follow the Constitutional procedure. But, however, every year we find that these expenditures are not brought to the scrutiny of this House, and they have not got approved by this House. This default - patent default - by different departments of the Government should be put an end to. This is a violation of the Constitutional provision and it is being repeatedly committed every year. Every year the Committee recommends to pass these Excess Grants. There is no other go because the expenditure has already been committed. But, the expenditure without the scrutiny of this House and without the sanction of this House and that too, to the tune of crores of rupees, is a very serious matter. In the year 1973-74, it is to the tune of rupees 14 crores and 32 lakhs. Like that they are incurring expenditure not less than Rs.20 crores every year without the sanction of this House. This is a very serious matter and I would only request and urge the Government not to commit such a violation of constitutional provision. I would like to know from the Government what steps it would take to prevent such violations hereafterwards.

SRI M. VEERAPPA MOILY.—Sir, the hon. Member Sri Bommai has really made a relevant point. After all, any expenditure has to be scrutinised by this House. In fact, the Public Accounts Committee headed by the hon. Member and other Members has pointed out that some of these things have not been regularised, but steps have been taken to get them regularised. Now, we have brought it. We will definitely see that such things do not occur hereafterwards.

MR. DEPUTY SPEAKER.—The question is:

“That the respective sums not exceeding the amounts mentioned in the list of Demands be granted to the Government to defray the charges which will come in course of payment during the financial year 1971-72 in respect of Demand Numbers 3, 8, 18, 16, 21, 29, 30A, 31, 41, 45 and 46”.

The motion was adopted and Demands were granted
